PROFESSIONAL EXPERIENCE

CELEBAL TECHNOLOGIES | [LINK](#)

June 2025 – August 2025

DATA ENGINEERING INTERN

- Cleaned and transformed raw data using Power Query to prepare it for analysis and insights.
- Built Power BI dashboards using business datasets to visualize trends and key metrics.

MISSION MINDED FOUNDATION

July 2024 – August 2024

WEB DEVELOPMENT INTERN

- Worked on developing dynamic web pages and handling user interactions for a web-based application.
- Implemented backend functionality to process form data, manage records, and support core features.

PROJECTS

DOC ON TIME – DOCTOR APPOINTMENT BOOKING SYSTEM | [Link](#)

- Built an online appointment booking system that connects patients with doctors based on specialization
- Implemented secure user authentication and role-based access (Patient / Doctor / Admin).
- Integrated a basic health assistant chatbot to guide patients and suggest appropriate doctor specializations.

PLAY ALONG PRIDE – FUN LEARNING PLATFORM ABOUT INDIAN MARTYRS | [Link](#)

- Developed an interactive puzzle-based game to teach children about Indian freedom fighters.
- Integrated multiple game difficulties with scoring to make learning engaging and rewarding.
- Integrated music-backed narration during gameplay to create an engaging and patriotic learning experience.

ZOMATO POWER BI ANALYTICS DASHBOARD | [Link](#)

- Built a Power BI dashboard analyzing restaurant ratings, customer spending patterns, delivery time, and top-performing locations using real-world Zomato data.
